## **CAREER OVERVIEW**

---

My professional career spans 15 years and includes project management, civil engineering, contract administration, and site engineering works for various clients and stakeholders. Project responsibilities have included managing multi-disciplinary teams, designing civil elements, conducting site investigations, generating professional reports, analysing budgets and programs, and assisting with construction phase works.

## **FORMAL QUALIFICATION**

---

Feb 2006 – Nov 2009 Bachelor of Engineering in Civil Engineering, Griffith University, Gold Coast Campus, Australia

## **PROFESSIONAL EMPLOYMENT OVERVIEW**

---

Sep 2024 – Feb 2024 Project Manager / Civil Engineer at Engeny operating in Brisbane.

Nov 2022 – Aug 2024 Project Manager / Civil Engineer at Jacobs operating in South Brisbane.

July 2022 – Nov 2022 Civil Team Lead at JJRyan operating in Toowong.

Jan 2022 – May 2022 Project Manager / Civil Engineer at McVeigh operating in Newstead.

Feb 2010 – Dec 2021 Project Manager / Civil Engineer at GHD operating in Mackay, Gladstone and Brisbane in various project roles.

## **SKILLS**

---

- **Project management** including planning and coordination of multi-disciplinary teams and key stakeholders.
- Advanced civil engineering knowledge tailoring concept, detailed design and construction phase solutions.
- **Report writing** and documentation including preparation of professional reports, bids, scopes of work and specifications.
- **Stakeholder communication** including clear communication channels, regular meeting allocations and presenting to key stakeholders.
- Working in **software suites** such as MS Office, MS Excel, AutoCAD and limited knowledge in design software.
- Interpretation and application of local, state and Australian **guidelines and standards**.

## **CONTINUED PROFESSIONAL DEVELOPMENT**

---

- Registered Professional Engineer of Queensland (RPEQ) in Civil and Management.
- Chartered Professional Engineer through Engineers Australia.
- First Aid Course through St Johns.

- Occupational Health and Safety Training (White Card) through Queensland Government.
- Short course attendance through Engineers Australia, local business and external facilitators including pavement design, contract management for Superintendents, stormwater training, project management principles and so on.
- Commencing part time study in Ancient History at University of Queensland.

## INTERESTS

---

- **History** with a particular focus on ancient history, language development and societal developments.
- **Outdoors** interests including running, landscape and environment photography, longboarding and bush walking.
- **Creative** outlets such as playing music, writing, painting and games.
- **Travel** with a focus on either natural environment or historic landmarks.

## PROJECT SNAPSHOT

---

- Glencore GFM Portal Access upgrade concept
- BHP 5S AN facility stormwater and road works concept
- Samsung BESS facilities civil design concept
- TMR James Street (Warrego Hwy) East Creek and West Creek culvert upgrades
- TMR On-Road Cycleways upgrades (Southport-Nerang Rd, Logan Rd, Kingston Rd, Logan River Rd)
- RCC Birkdale Community Precinct access road and services detailed design
- NQBP Middle Breakwater pavement upgrade detailed design
- TMR Gateway Motorway / Gympie Arterial flyover bridge strengthening contract administration
- TMR Coomera Connector preliminary evaluation (planning) works
- TMR Mount Lindesay Highway South Maclean and North Maclean upgrade works
- BCC RNA and Breakfast Creek tunnel lighting upgrade scope of works
- TransUrban Inner City Bypass client's engineer
- TMR Barkly Highway intersections business case
- MRC East Gordon Street Bridge upgrade
- MRC Murray Creek Bridge crossing
- TMR Foam bitumen stabilisation projects (Celeber Dr, Nicklin Dr, Glenpark ST, Holland St and Juliet St) superintendent's representative

More projects and involvement available upon request.

## REFEREES

---

Referee details to be made available upon request. A sample of past referees included below:

- Sharon Denaly (Principal Civil Engineer) – GHD
- Aaron Tesch (Project Manager) – RCC
- Nathan Flor (Director) – Tetra Consulting
- Rob Blumson (Principal Civil Engineer) – GHD
- Sam Scargill (Project Manager) – Jacobs
- Steven Rusby-Perera (Team Lead) – Jacobs
